

Tabula Rasa HealthCare Partners with Heritage Health Solutions to Expand Enhanced Medication Therapy Management Services to Self-insured Employers

November 19, 2020

MOORESTOWN, N.J., Nov. 19, 2020 (GLOBE NEWSWIRE) -- **Tabula Rasa HealthCare, Inc® (TRHC) (NASDAQ:TRHC)**, a healthcare technology company advancing the field of medication safety, today announced it is partnering with Heritage Health Solutions, Inc. (Heritage) to improve patient care and reduce costs for self-insured employers.

Through TRHC's clinical call centers and community pharmacy network, Heritage will offer TRHC's Comprehensive Medication Safety Services with MedWise™ to their healthcare clients.

"Partnering with Heritage Health Solutions, TRHC continues expansion of our services to self-insured employer groups," said TRHC Chairman and CEO Calvin H. Knowlton, PhD. "As self-funded plans currently cover more than half of the nation's workforce, we see this as a significant opportunity to positively impact patient health. According to *Health Finance News*, self-insured, or self-funded plans, currently cover an estimated 94 million of the nation's 156 million employees. Nearly 60% of all employees are covered in a plan that is fully or partially self-funded."

Heritage is an integrated health care manager that provides comprehensive solutions for both pharmacy benefits (PBM) and third-party administration (TPA) services.

"We aren't just a PBM or a TPA," said Heritage CEO, Tonya Clark. "Our focus is on comprehensive solutions for both. Now, through our partnership with TRHC, which will provide Medication Safety Reviews, our self-insured clients will save costs on their employee medical spend and improve overall health and well-being through mitigating adverse drug events."

TRHC's medication safety solutions will complement Heritage's prescription program that reduces expenses and lowers drug costs.
